COURTYARD ONGOING PROJECTS

ARCHITECTS NOTES

What strikes the most about any commercial project is the first look, the ease of accessibility and the design aesthetics of it. In Courtyard Gateway, the design approach was urban with a blend of traditional exposed brick look and a modern glass facade. The building is designed to enable total ease of navigation and approachability with multiple entry points. Talking of the first look, it appears like a single massive monolith structure of brick and glass. All in all, giving the appearance of a modern business house.

THE GATEWAY TO GREAT BUSINESS

Business is not just built on ideas and products. Any business needs to maintain its edge over competitors to be in the leading space. Get that edge at Courtyard Gateway – a smart, fun and savvy place to take your business to new heights.

LOCATION

THE GATEWAY TO CONSTANT GROWTH

ABOUT SEVASI MAIN RD

When it comes to commercial real estate, nothing is more important than location. Offices and commercial spaces in cities have little room for expansion and tend to be less cost-effective than those in the emerging hubs of the city.

Consider the accessibility, appearance, and amenities as well as the neighbourhood when buying a commercial property. Sevasi is one of the emerging growth centres of the city with proximity to Gotri and Sevasi Road, the most favoured locations in Vadodara.
